

# Did you know?

The average monthly electric utility bill in Central Florida.

**\$225 to \$250\***

## Did you know switching to solar can save you money?

**\$157 to \$173\***

The average monthly cost to switch to solar. Once installed the solar bill never changes.

You'll save  
**\$70\***

The average monthly savings after switching to solar.

**But \$70 isn't really a lot of money, or IS IT?**

**\$70** monthly invested at only a 5% compounded quarterly will grow to **\$41,385.19** in 25 years.

**\$70** monthly invested at 8% compounded quarterly will grow to **\$65,568.78** in 25 years

Check with your financial advisor to see how **\$70** a month would affect your 401K or your child's 529 plan?

Contact 3MG Roofing & Solar to learn more and to see if your home qualifies for solar savings. **The consultation is free.**
